Balarakodi House, Bondanthila village and post-mangalore 🏠

PROFILE

I am a motivated technology enthusiast with a strong foundation in programming, database management, and software development. Skilled in Python, and SQL, I've worked on academic projects in web and mobile applications, as well as projects involving artificial intelligence and machine learning. I'm excited to apply my technical skills to solve real-world problems and contribute effectively in a collaborative, growth-focused tech environment.
